

To Whom Am I Being Sent?

Acts 8:26-40

Where am I currently placed in time and space in the ordinary flow of my life?

What spaces do my schedule and passions intersect w/others?

What tribe has the Lord placed on my heart to love and serve with intentionality?

What individuals among that tribe, who are not yet Christ followers, are showing they are curious or open to Jesus' message (gospel)?

Are there any disconnected or sleepy believers among the tribe who seem to be curious or open who may be interested in joining you to love and serve the tribe with intentionality?

Write out the names of a few people of this tribe who the Lord brings to mind and begin to pray for them regularly.

How would the Lord have me reorient my time or schedule to be with this tribe to love and serve them with greater intentionality?
